## North Korea-themed extension of the tour in the Chinese border city of Dandong

Dandong; a fascinating small city on the Chinese side of the Yalu river, facing across to Sinuiju, your point of exit from DPRK after the tour. Instead of returning directly to Beijing we are pleased to offer a one [Dandong Tour 1] and two-day [Dandong Tour 2] fully-guided extension to the tour to take in all the sights of Dandong on a special North Korea-themed extension. Formerly only available to those tourists who exit the DPRK by train, this tour is now available to US citizens taking part in DPRK tours ending on Saturdays and Wednesdays only. It is still not possible to leave the DPRK by train but on these days you can fly from Pyongyang to Shenyang and we arrange a car or bus to take you from the airport there to Dandong in time to begin the tour. This option is also available for non-US citizens. Please see our website for costs and instructions on how to apply.

This extension, like our North Korea tours, is fully guided and fully. Note that this extension is only available to those who travel out of the DPRK by train at the end of the tour, or who fly from Pyongyang to Shenyang on a Saturday or Wednesday. The perfect way to end a tour of North Korea, and a unique look at a fascinating part of China.
