A true adventure awaits on this exotic 18-day tour. Along the way, you'll have the chance to explore mystical Buddhist temples, historic palaces and wild jungles, all in relaxed comfort.

On this railway adventure, we immerse ourselves in the culture, history and spectacular scenery of this 1,000km long island. Starting in the nation's capital of Jakarta, we travel to the cities of Bandung, Yogyakarta and Solo, then on to Ketapang in the east where we take a short ferry trip to Bali. MEET YOUR TOUR LEADER

BOB DANIEL has been fascinated with trains all his life, his father having engineered the construction of many of the famous Australian trains during the 1950's and 60's such as the Southern Aurora and The Sunlander. Bob is also the founder and original owner of Guidepost Tours nearly 40 years ago, which now operate niche market tours to many destinations around the world. He regularly travels by rail on local trains throughout South East Asia and many other countries, discovering how the spread of rail routes has led to the development and enhancement of culture and life in rural communities and cities, even in undeveloped regions.

Bob has travelled to Indonesia many times. This has given Bob an in-depth knowledge of the Indonesian Archipelago and an appreciation of which trains are a must to experience, the most scenic routes, and how to use a mix of train travel and other transport modes to feel the love for the country, the people and the culture.

Whilst still involved with the development of itineraries for Guidepost Tours and Railway Adventures, Bob is heavily involved with Heritage Rail Groups in New South Wales, is qualified in Rail Safety and Track Awareness, and travels regularly on steam and diesel tours as train manager or in other capacities.

Day 2 • Sunday 31 March: Jakarta

This morning we take a tour of the frenetic city nicknamed 'The Big Durian' – Jakarta. We visit the National Museum of Indonesia. Following this we'll visit Batavia Train Station (Jakarta Kota), the Taman Prasasti Museum and Fatahillah Square. Walk along the historical Kali Besar Barat, the canal lined with classic Dutch colonial architecture, and visit the Wayang Museum dedicated to the traditional art of Javan wayang puppetry. After lunch we head to Sunda Kelapa Harbour, which houses a fleet of Buginese phinisi schooners used to transport goods across the archipelago – the largest fleet of commercial sailing ships in the world today. Thought to be operational since before the 13th century, the port is a fascinating location that preserves the history of Jakarta. Finally, we stop at the national monument, MONAS and Istiqlal Mosque for photos.

Overnight: Hotel Borobudur, Jakarta (B, L)

Later we drive back to Bandung, stopping along the way for a visit at the Saung Angklung Udjo workshop, a venue aimed at preserving the rich culture of Java. Day 5 • Wednesday 3 April: Bandung – Yogyakarta

This morning is an early start as we make our way to Bandung's railway station and board the morning train to Yogyakarta. This is a seven-hour journey so lunch is served on board the train. All there is to do is relax and enjoy the scenery.

Upon arrival in Yogyakarta, at around 4pm, our local guide will greet us and take us to the hotel for check-in.

Overnight: Royal Ambarukmo Yogyakarta (B, L)

Day 6 • Thursday 4 April: Yogyakarta

This morning after breakfast we set out to explore the city. We'll visit the Sultan's Palace (Kraton), built between 1756 and 1790, and a fine example of traditional Javanese sultanate architecture. As we walk through the various rooms and chambers, we'll learn more about this aspect of Javanese heritage and culture.

We continue with a becak (cycle rickshaw) ride to the adjacent Taman Sari water palace and garden. This addition to the royal complex was built more than 200 years ago by the first Sultan, included a variety of bathing pools for his harem.

Next we make our way to a small 'home-factory' where Java's iconic wayang kulit leather puppets are made. The process of making the puppets will be explained to us, followed by a short performance. Afterwards we'll visit a nearby batik home-factory, where we'll see the local women make these colourful textiles.

Lunch will be served in a local restaurant, followed by a visit to the Sonobudoyo Museum and a stroll along Jalan Malioboro – the main street of Yogyakarta. Take the time for a spot of shopping with a multitude of fascinating shops and local street vendors. After we're returned to the hotel, the remainder of the day is yours to enjoy at leisure.

Overnight: Royal Ambarukmo, Yogyakarta (B, L)

Day 7 • Friday 5 April: Yogyakarta - Prambanan – Bugisan Village – Yogyakarta

This morning we'll explore the most iconic attraction in Yogya, the UNESCO World Heritage site of Prambanan. This ancient Hindu temple compound is one of the biggest in Southeast Asia and was built in the 9th century. Our tour guide will explain the history and symbolism of the temples as we explore.

Next we visit the nearby village of Bugisan. Our friendly local hosts will pick us up by ox-cart for the journey, passing the intriguing Plaosan temple complex along the way. Once there, we're welcomed into a traditional local house for a refreshing cup of tea and some local snacks before continuing our ox-cart tour. We'll call in at the house of the Jamu maker and see how this traditional herbal medicine is made. Try a glass of the healing drink to treat what ails you! Watch how the popular Javanese snack called emping is made and try playing the gamelan, a traditional Indonesian instrument, together with the ladies of the village.

Lunch is served in a local restaurant, after which we'll return to the hotel to freshen up before heading out for the evening. Tonight we enjoy a special dinner and a spectacular performance of Ramayana Ballet in an open-air theatre with Prambanan Temple as the backdrop.

Overnight: Royal Ambarukmo Yogyakarta (B, L, D)

Day 8 • Saturday 6 April: Yogyakarta – Borobudur – Losari

This morning, after a leisurely breakfast, our tour guide and coach pick us up for the drive to Borobudur. Here we explore the famous Buddhist temple, a UNESCO World Heritage site comprised of thousands of volcanic and river stone blocks. There's ample time to explore and photograph this ancient 8th century temple, the largest Buddhist temple in the world.

Lunch is served in a local restaurant before we continue with a visit to Candi Mendut and Candi Pawon, two incredible Buddhist temples close to Borobudur. After enjoying some time to explore, we drive north to the city of Magelang and on to our resort hotel set amongst the lush grounds of a coffee plantation.

Overnight: MesaStila, Magelang (B, L)

Day 9 • Sunday 7 April: Losari – Ambarawa – Losari

This morning we visit Ambarawa Railway Museum. This museum has a collection of steam locomotives dating from the early 20th century, some of them still in working order. Established in 1976, the Railway Museum utilises the 1873 Dutch built railway station to store some of the last steam locomotives that saw regular service on the island. A few of the locomotives displayed here are the sole survivors of their type.

After visiting the museum we'll take a steam train trip from Ambarawa to Tuntang and back. During the trip we'll travel along the shores of beautiful Lake Rawa Pening. A popular spot for fishing and recreational activities, the lake is also an important source of power and irrigation in the region.

Lunch is served in a local restaurant. Afterwards, we'll travel back to our resort and the rest of the day is yours to enjoy at leisure.

Overnight: MesaStila, Magelang (B, L)

Day 10 • Monday 8 April: Losari – Solo

Start today with a guided walking tour of the MesaStila coffee plantation. Here, we'll learn about the delicious organic Robusta coffee grown on the property. At the coffee shed, we'll see traditional techniques of roasting and grinding the beans. Then, amid the plantation itself, we'll stop to enjoy a coffee tasting session, as well as sample some of the popular Javanese herbal tonics called jamu. We'll also learn about some of the exotic fruits and vegetables grown on site.

Afterwards, we'll travel to Solo city by coach. Lunch will be served en-route. Along the way, we'll visit the batik museum of Danar Hadi, the biggest in Indonesia. The museum's 10,000-piece collection contains pieces from different cultural periods, displaying Javanese, Chinese, Indian and Dutch influences. After checking in to our hotel, the rest of the afternoon will be at leisure.

Overnight: Alila Solo (B,L)

Day 11 • Tuesday 9 April: Solo – Madiun

Today we'll take a city tour of Solo, including a special steam train journey. The Jaladara steam loco was built in Germany in 1896, and trundling through the heart of the city in its Victorian-style carriages is a fun way to spend the morning. The trip begins at Purwosari train station (3km west of the city centre). Afterwards, we'll enjoy lunch before heading off to the city of Madiun in the western part of East Java.

After checking in to our hotel, the evening is free for you to do what you please.

Overnight: Aston Madiun (B, L)

Day 12 • Wednesday 10 April: Madiun

Today we have a special tour of the PT INKA factory, where Indonesian Rail build their locomotives and carriages for the nationwide network, as well rolling stock for other Asian countries and even our own Queensland Rail. Train production is the main industry in the city, and a major tourist attraction. As of the mid-1970s, steam locomotives were no longer used in Indonesia, so the defunct workshop was converted into a railway rolling stock manufacturing workshop. PT INKA is also pioneering the production of a national car called GEA (short for Gulirkan Energi Alternatif) and a prototype was created in 2008.

The rest of the day is free at your leisure.

Overnight: Aston Madiun (B)

Day 13 • Thursday 11 April: Madiun – Malang

This morning we're taken to the train station for our half-day journey to the city of Malang. Enjoy the views of this rich agricultural region as you savour lunch on the train.

Upon arrival in Malang, our local driver will take us to our hotel, the Tugu Malang, which is listed as one of the world's 100 most beautiful hotels. The public rooms are adorned with priceless works of art and antiques. Tugu Hotels' founder, Anhar Setjadibrata, once a medical student-turned-lawyer, is now the owner of the biggest collection of fine Indonesian art and cultural antiquities in Indonesia. These beautiful boutique museum hotels were designed to house his antiques and to share with the world the romantic stories and legends of the ancient kingdoms of Indonesia.

Overnight: Hotel Tugu Malang (B, L)

Day 14 • Friday 12 April: Malang – Bromo

This morning, after breakfast, we'll take a walking orientation tour of Malang and its many grand colonial-era buildings. Prized by the Dutch for its mild highland climate, the city retains much of its colonial architecture. We'll cruise past historic sites and local markets (bird and flower) and the small Brawijaya Museum, with displays of the military history of East Java from the mid-20th century, before finishing at the city's Cathedral. Enjoy lunch at a local restaurant.

Afterwards, we continue the drive towards Mt Bromo, with a stop at the Singosari Hindu temple dating from the 13th century on the way. From there, we follow the scenic road up to the spectacular Bromo Tengger Semeru National Park. After arrival at the hotel and check-in, take the time to relax, enjoy the facilities, and ensure you're well rested for the very early start of our excursion tomorrow morning.

Overnight: Jiwa Jawa Resort Bromo (B, L)

Day 15 • Saturday 13 April: Mt Bromo – Jember

We depart our hotel early this morning, then travel by 4WD jeep to a spot with stunning views of the Bromo volcano and surroundings. Watch the sun rise from behind the volcano in Penanjakan as the mist rises from the valleys. We then continue by jeep down to the volcano's caldera, often still covered by mist in the early morning. The mist, combined with the grey ashen-covered ground, create an unusual atmosphere, often compared to the surface of the moon. We walk or ride on horses to the crater and take the stairs to the rim of the still-active Bromo volcano. We return by horse and jeep to the hotel for a late breakfast.

After leaving Bromo mid-morning, we continue through spectacular country via the city of Probolinggo to the city of Jember. This is a long day of driving, but the incredible scenery makes it worthwhile. A lunch stop will be made at a local restaurant en-route, as well as breaks and photo stops along the way. We arrive at the hotel in Jember for check-in late afternoon.

Overnight: Aston Jember (B, L)

Day 16 • Sunday 14 April: Jember- Kalibaru – Ketapang

This morning we travel to Kalibaru. Our highlight today is a lorry tour through plantations of cacao, coffee and spices. The 'lorries' are small track inspection rail vehicles that travel along the main lines and provide us with a different view of the tropical Gunitir Valley and Mount Mrawan. This is an adventurous tour through a mountainous part of East Java with fantastic views. Along the way we travel through two tunnels (684 and 113 metres long) and pass one of the longest hanging bridges in Java, 200 metres long and 80 metres above a deep valley and ravine.

Lunch will be served at a local restaurant in Kalibaru. Afterwards, we'll continue by coach to the regency of Banyuwangi at the eastern tip of Java.

Overnight: Ketapang Indah Hotel (B, L)

Day 17 • Monday 15 April: Banyuwangi – Gilimanuk – Ubud

After breakfast we drive to Ketapang Harbour and check-in at the ferry terminal before crossing the Bali Strait to the island of Bali. We'll then continue by road to the town of Ubud. Along the way we stop at Brahmavihara-Arama Buddhist temple, an impressive mini replica of Borobudur located on a mountain with wonderful views of the island's northern coastline.

After lunch in the beachside city of Lovina, we visit Ulun Danu Beratan Temple, the most iconic landmark in Bali. This significant temple complex is located on the picturesque shore of Beratan Lake in Bedugul. The Bedugul area is a favourite cool upland retreat region in one of the most scenic parts of Bali.

Tonight's farewell celebration dinner and overnight stay is at the Komaneka at Bisma Resort, a very unique luxury hotel with views of the Campuhan River, coconut plantations and rice paddies – all just a 10-minute walk from Ubud's main street.

Overnight: Komaneka at Bisma, Ubud (B, L, D)

Day 18: Tuesday 16 April: Ubud (B)

THE RAILWAY ADVENTURES STORY

A passion for train travel can manifest itself in many ways. Founder and director of Railway Adventures, Scott McGregor, has made much of his obsession over the years. "Travelling to boarding school on the Mudgee Mail gave me a sense of how an active social life and long-distance trains can be a good combination."

Building a rural retreat out of a collection of vintage railway carriages in the early 1980s gave Scott a new perspective on rail heritage. During this time, he also operated his first tour—The Antipodean Renaissance Express—an experience he has never forgotten. Trading in vintage memorabilia and furniture sourced largely from the railways was also a source of great inspiration. Scott travelled far and wide trading and collecting for his Sydney shop, Off The Rails.

Hosting a couple of TV documentary series about great train journeys paved the way for leading his own train journeys. Once just an enjoyable part-time hobby, "getting paid to do what I love" has, naturally enough, led to a more substantial commitment and ultimately the launch of Scott's own dedicated train travel and touring company.
